## The 1st IReNA-Ukakuren Joint Workshop "Advancing Professional Development in Nuclear Astrophysics and Beyond"

Contribution ID: 61 Type: Poster

## Measurement of neutron inelastic scattering of the Hoyle state to estimate the triple-alpha reaction rate in high-density environments

Thursday, 31 August 2023 14:50 (5 minutes)

Primary author: FURUNO, Tatsuya (Department of Physics, Osaka University)

Presenter: FURUNO, Tatsuya (Department of Physics, Osaka University)

Session Classification: Poster Session
